SUPPORT SERVICES
In addition to direct patient care clinics, JCDH offers support services to its patients and to select community residents.

WOMEN, INFANTS, AND CHILDREN’S NUTRITIONAL PROGRAM (WIC)
• The WIC Program provides nutrition education and vouchers for healthy foods to pregnant women, women who have delivered a baby within the last six months, women who are breastfeeding a baby less than one year old, and to infants and children up to the age of 5 years.
• WIC services are available to all Alabama residents meeting income eligibility and program guidelines.
• Services are available at all JCDH Health Centers.
• Call (205) 558-2144 to make an appointment.

INTERPRETERS
• Interpretation and translation services for JCDH patients are provided at all JCDH Health Centers through face-to-face interpreters or the phone-based Language Line.
• Interpretation and translation services are also offered for other JCDH programs.
• American Sign Language interpretation services are available at all health center locations upon request.

CASE MANAGEMENT
• Case Managers are available at all JCDH Health Center locations for patients who need help with insurance, medical planning, education, community resources and other care coordination services.

MEDICAID
• Workers with the Alabama Medicaid Agency are available to help patients in obtaining Medicaid benefits.
• This service is available at Central and Eastern Health Centers.

CERTIFICATES OF BIRTH, MARRIAGE, DIVORCE AND DEATH
• The Vital Records Division of the Jefferson County Department of Health provides, with appropriate documentation and a $15.00 fee, certified copies of birth, death, marriage and divorce records for events occurring in the State of Alabama.
• Birth and death records can be obtained by immediate family which includes the person’s mother, father, brother, sister, son, daughter, husband, or wife. All others must provide written authorization.
• Marriage and Divorce certificates are available to anyone paying the fee and giving the information needed to locate the record.
• This service is only available at the Central Health Center location.
• Call (205) 930-1117 for more information.

For information regarding services provided at each health center location, please call 205-930-1415.

JEFFERSON COUNTY DEPARTMENT OF HEALTH
Serving Jefferson County Since 1917
HEALTH SERVICES
The Jefferson County Department of Health (JCDH) provides outpatient primary health care for uninsured and underinsured Jefferson County residents at its Health Centers. Assessment and care for sexually transmitted diseases (STDs) and tuberculosis (TB) are provided to county residents regardless of income or insurance. Select services are also available to individuals living outside of Jefferson County and to Jefferson County residents with health insurance accepted by JCDH and regardless of income. JCDH Health Centers are open on non-holidays, Monday through Friday from 7:45 a.m. to 4:30 p.m. After hours on call services are available by calling (205) 933-9110.

ADULT HEALTH CLINICS
• Primary health care is provided for adults ages 19 and older at Central, Eastern and Western Health Centers.

CHILD HEALTH CLINICS
• Primary health care, including routine exams and sick visits, is provided for children from birth to 18 years of age at all JCDH Health Centers.
• Childhood immunizations are provided at all JCDH Health Centers. Certificates of Immunization (formerly called blue forms) are provided and required for children enrolling in childcare centers, private and public schools.

DENTAL HEALTH CLINICS
• General dental care for individuals who meet eligibility requirements is provided at Central, Eastern, and Western Health Centers.

FAMILY PLANNING
• Education and birth control services to support planned pregnancies and prevent unintended pregnancies are provided.
• Physical exams, birth control supplies, pregnancy, HIV and Sexually Transmitted Disease (STD) testing are available.
• Education and referral for bilateral tubal ligation and vasectomy are offered for patients 21 years or older.
• Family Planning services are offered regardless of income or ability to pay.
• Persons under the age of 14 must be accompanied by a parent or legal guardian.
• All services are confidential.
• This service is available at all JCDH Health Centers.

DISEASE-SPECIFIC CLINICS
JCDH provides pharmacist-led clinics to help JCDH patients manage common chronic health conditions. These services are available at Central, Eastern and Western Health Centers through referral from a JCDH health care provider.

CARDIOVASCULAR CLINIC
• Lifestyle education and medication management are provided to assist with controlling high blood pressure and high cholesterol, and with transition of care after a hospitalization for cardiovascular problems.

DIABETES CLINIC
• A comprehensive overview of diabetes and its management with medicines and lifestyle changes is provided.

PRE-DIABETES CLINIC
• Education and lifestyle modification support for preventing or delaying the onset of diabetes through medications and lifestyle changes are offered.

UAB MATERNITY CLINIC
• Complete prenatal care is provided at all JCDH Health Centers through the Steps Ahead Maternity Medicaid Program by the UAB Department of Obstetrics and Gynecology.
• Call (205) 930-1093 for more information.

THE INTERNATIONAL TRAVEL CLINIC
• Health counseling, preventative medication, and immunizations are provided to persons traveling to other countries.
• Services are available for a charge.
• This clinic is only available at the Central Health Center location.
• Call (205) 930-1028 to make an appointment.
