JEFFERSON COUNTY DEPARTMENT OF HEALTH
ENVIRONMENTAL HEALTH SERVICES
AIR POLLUTION CONTROL PROGRAM

PUBLIC NOTICE

The Jefferson County Department of Health gives notice that ReConserve of Alabama, Inc. has applied for a Synthetic Minor Operating Permit to process food byproducts and grain byproducts into ingredients for animal feed. (SIC No. 2048, NAICS 311119). The facility will be located at 7240 Jefferson Metro Parkway, McCalla, Alabama 35111. The draft permit contains conditions that will prevent the facility from being a major source of any air pollutant.

Copies of the draft Permit may be inspected at the office of Environmental Health Services (Air & Radiation Protection Division), Jefferson County Department of Health, located at 1400 Sixth Avenue South, Birmingham, Alabama, from 7:45 a.m. to 4:30 p.m., Monday through Friday (holidays excluded). Copies of the draft permit and application may be viewed online at www.jcdh.org by selecting the following menu items: Programs & Services > Environmental Health > Air & Radiation Protection Division > Air Program Public Notices.

The Jefferson County Department of Health is limited only to the air pollution aspect of the facility. Any comments relative to zoning or economic and social impact are within the purview of local zoning and planning authorities and should be directed to them.

After consideration of all written comments received within 15 days of this notice, the Department will make a final determination regarding permit issuance.

Comments concerning the draft Permit should be either emailed to airpermitcomments@jcdh.org or addressed as follows:
Jason Howanitz, Principal Air Pollution Control Engineer
Environmental Health Services
Air & Radiation Protection Division
Jefferson County Department of Health
P.O. Box 2648
Birmingham, Alabama 35202 - 2648

Anyone wishing to be notified of the final decision of permit issuance must request such in writing.

This notice is hereby given this 26th day of June 2024 by authorization of the Jefferson County Department of Health.

Jonathan Stanton, Director
Environmental Health Services
